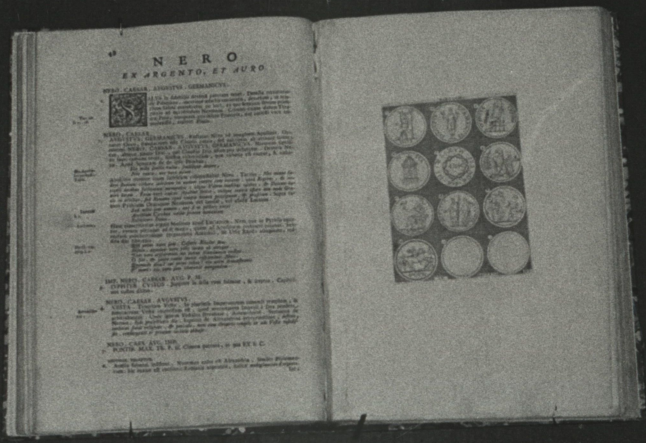
NUMISMATICS: OPEN THE DOOR WITH BOOKS

NATIONAL COIN WEEK
APRIL 21-27, 1985



Numismatics is an old science. Books on coins were printed as early as 1522 and many, such as this example from 1730 dealing with ancient Roman coins, are beautifully illustrated.

These books and many other numismatic references may be studied at the American Numismatic Association Library and Museum at 818 N. Cascade Avenue. The Museum and Library are open to the public at no charge: Tuesday through Saturday, 8:30 AM to 4:00 PM.
